

Woodbridge Golf Club – RULES & GUIDELINES

General Rules

- WGC tournament play is governed by USGA Rules.
- Maximum 10 shot rule in effect (see Guidelines).
- Hit a provisional ball if possibly lost or OB; never go back to the tee or original position.
- One provisional ball per hole allowed.
- If you cannot find your original ball, drop another ball at the nearest point of the infraction, or incorporate lateral hazard relief procedures, and add TWO shots to your score.
- Modified winter rules: if needed you may take free relief and move your ball one scorecard length in the fairway.

Guidelines of Play

To encourage good pace of play while maintaining the integrity of the game

- Take a maximum of 10 shots gross on any given hole and mark the number of putts as 3 (this means pick up your ball on your eleventh stroke and do not finish the hole).
- Never go back to the tee or original position; hit a provisional if original ball may be lost or out of bounds.
- One provisional ball allowed per hole.
- If you cannot find your original ball, drop another ball at the nearest point of the infraction, or incorporate lateral hazard relief procedures, and add TWO penalty strokes to your score.
- Allow the shorter hitters to hit first off the tee (no honors please!).
- Drop your cart partner off at their ball, go to your own ball and be prepared to hit.
- Never approach your ball without a club or clubs in hand.
- Use continuous putting; avoid marking short (2-3 foot) putts.
- Putt out all balls (no gimmees).
- Wave up next group on par 3's.
- Park your carts **BEHIND** the green (whenever possible), regardless of where the pin is placed on the green.
- Always be walking away from those hitting up.
- Mark your scorecards on the next tee rather than near the green of the previous hole.
